

Cagayan de Oro City, August 29, 2014

Hon. Director Virgilio L. Mendez
National Bureau of Investigation
NBI Building
Taft Avenue, Ermita
1000 Manila

Dear Sir Mendez,

This is a follow up letter related to the issue I brought to your attention in my letter of March 21, 2014 regarding alleged hacking of websites by Innove Communications, Inc.

Main reason for this letter is that the alleged hacking is still ongoing and that no NBI employee has visited my house to check the issue I brought to your attention. This means you possibly only have my word for what I found, unless of course you have acquired other evidence.

For your information please find attached a copy of the sworn statement I made on request of Mr. De Leon and that I sent to him on May 13, 2014.

I would appreciate if you could give this issue a bit more priority, as in my opinion the trust in the telecom industry is at stake. If a renowned company like Globe is involved in hacking of websites and copyright infringement, who can we trust?

Looking forward to your reply or further action,

Kind regards,

Gustaaf Hendrik Ellenkamp
